To whom it may concern:

I have been a property owner at Meadow Lake sense 2008 and Pine Ridge sense 2010. The property manager Shari Morrison has worked with me on several small problems that have been resolved in a very satisfactory manner. They have been quick to understand and take care of any desires I felt needed addressing. The property has improved noticeably sense they have managed Meadow Lake. They have my totally confidence and I think you'd be lucky to have them as your property managers.

Thank you very much,
